

## Code of Conduct Policy

---

**As a relief pharmacist / pharmacy tech, I must at all times uphold the reputation of the profession and adhere to the legislation applicable to the practice of pharmacy, thus act according to the laws and regulations governing the profession and adhere to the code of ethics established by the American Pharmacists Association.**

**As a relief pharmacist / pharmacy tech, I must neither agree to practice under conditions which compromise my professional independence, judgment or integrity, nor impose such conditions on other pharmacists or health professionals.**

**As a relief pharmacist / pharmacy tech, I must respect the skills and expertise of other health professionals and pharmacy employees while working cooperatively with them in a professional relationship to optimize the health outcomes of their mutual clients.**

**As a relief pharmacist / pharmacy tech, I must present myself in a professional manner at all times, including my appearance, my attire, my attitude, and my communication with both the pharmacy staff and the valued customers of the pharmacy.**

**As a relief pharmacist / pharmacy tech, I must focus my full attention on the business of the pharmacy, assisting with all aspects of the pharmacy operations and eliminating distractions such as personal use of mobile phones or leaving the pharmacy when another pharmacist is not present.**

**As a relief pharmacist / pharmacy tech, I must communicate any change in my ability to fulfill my obligation to AHS PharmStat in a timely manner so that the operation of the pharmacy is not compromised.**
